

MT330

Mobile Payment Terminal

Mobile Payments with Smartphone, Tablet or Fixed POS

Integrate the MT330 PINpad with your app to provide an efficient method to process and track transactions on-the-go. MT330 can pair with all leading brands of Smartphones, Tablets and even your fixed Countertop POS*.

In-store, the MT330 provides the ultimate portable integrated EFTPOS experience. The MT330 dock accessory provides a convenient and rapid charging solution for your PINpad when not in use.

BUSINESS BENEFITS

- ✓ Connect to Smartphones, Tablets or fixed Countertop POS systems via wireless Pairing
- ✓ Pocket sized and lightweight
- ✓ Accept card payments with PIN entry for improved security and reduced risk
- ✓ Accept contactless cards and NFC capable devices for faster transaction processing
- ✓ Point-to-Point encryption between the MT330 PINpad and transaction acquirer
- ✓ Integrate the MT330 with your own iOS or Android App. Alternatively, download the free Quest Airpay App from your preferred app store
- ✓ Accept Gift cards (stored value cards) with the Magnetic stripe reader
- ✓ SMS / email receipt direct to customer or print receipts to a printer connected to the host device
- ✓ Provide an engaging and professional level of service to your customer with a Mobile POS/payment solution

SUPPORTED PAYMENT TYPES

- ✓ EMV Chip & PIN
- ✓ Magnetic stripe (Debit Cards, Stored value cards)
- ✓ Contactless / NFC
